

NORCROSS

Gun Club and Range

COVID-19 (Novel Coronavirus)

COVID-19 Closing Announcement

To all of our friends and loyal guests,

Everyone is well aware of the COVID-19 pandemic that we are currently experiencing. Due to our wish to always put the safety of our friends, customers, and employees at the forefront of our decisions, and following the nationwide recommendations to limit public gatherings, we have decided to temporarily close Norcross Gun Club and Range to normal business hours, effective immediately. However, we understand the importance of people to obtain items that they may need in order that they and their families are protected, so we will be utilizing an appointment system starting Thursday, March 19th, for customers to be able to both purchase items that we may currently have in stock as well as pick up items that are currently on hold. The details of how to schedule an appointment will be released later today.

We will also be suspending all fun shoots and training including GADPA, classes, AR shoots, and Bowling Pin shoots until further notice. These closings are only temporary and we anxiously await when we are able to once again open our doors to all of our friends and continue serving everyone in a fully functioning capacity.

We thank everyone for all of your support and pray for everyone to stay safe while we work through these unique times as a community.

-Your friends at Norcross Gun Club and Range
